

## The VTech Advantage

### *What is it?*

*It's what has made us the world's leading manufacturer of corded and cordless phones—for nearly 40 years.*

- *A roomy palette of contemporary, classic, analog and SIP phones, designed just for hotels.*
- *Innovations like antibacterial plastic and battery-backup technology.*
- *Understanding what you and your guests want, whether USB charging ports or compact footprints.*
- *The greenest standards—from engineering to packaging.*
- *World-class service, support and on-time delivery.*

*It's using our advantage to further yours.*

At VTech, innovation is everything. It's what guides us to design telephones that keep your costs down and your guests better connected—fusing market demands with the comforts of home.

- Battery-backup technology keeps guests connected even when the power's out.
- USB ports provide easy access for guests to charge smartphones.
- Petite Phone® models make the most of tight spaces with compact footprints.
- Customizable faceplates and programmable guest service keys promote hotel services and amenities.

*"With every project, we try to push the boundaries—to innovate; to bring something new to the market."*

*– David Waterman, VTech Design Director*

## Upgrading the Guest Experience

*When you've invested so much in upgrading your guest experience, you want to ensure no detail is overlooked. VTech hotel phones complete the backdrop, elevating your brand to the standard your guests expect.*

- Contemporary styles complement a variety of interiors and properties—from the luxury resort to the short-stay motel.
- Antibacterial plastic protects guests and housekeeping staff from germs.
- Guests feel right at home with intuitive, modern features, including cordless handsets, speakerphones, USB charging ports and more.

*Connect with elegance.  
Connect with VTech.*

Since 1976, VTech has been designing the world's top-rated corded and cordless telephones. Our relentless pursuit of quality and innovation fuels the best-in-class engineering and greenest standards that help define our product line.

- SIP and analog technologies accommodate every need and budget.
- In-house manufacturing results in higher quality and safety standards plus lower production costs—savings we pass on to our customers.
- Rigorous testing guarantees our phones perform in all climates and environments.
- ENERGY STAR® qualification ensures our analog phones use less energy.

*"Our strong R&D capability and economies of scale have always enabled us to introduce innovative, feature-rich products that are competitively priced."*

*- Allan Wong, Chairman and Group CEO, VTech Holdings Ltd*

## Analog Corded and Cordless Phones

*Affordable and reliable, our analog phones offer straightforward features that will make your guests feel right at home. Choose from contemporary styles to complement today's interiors or classic designs that make a more traditional impression.*

SIP Corded  
and Cordless Phones

Form and function come together in our SIP phones. Contemporary styling lends a fresh, sophisticated touch to guest rooms, while advanced features cater to today's road warriors. Easy to install and manage, these phones are also certified to work with most major PBXs worldwide.

\*SIP TrimStyle phones require a cordless base to work
